CEDARCREST COLLEGE

Cedar Crest College's Four-Year Graduation (4YG) Guarantee is open to all academically qualified candidates enrolled full-time in a 4year bachelor's degree program, with the exception of Nuclear Medicine Technology. It does not apply to dual degree, fifth-year, or graduate programs. Provided students comply with all of the conditions of the program, Cedar Crest College will guarantee graduation within four years. The guarantee extends to one major only. While many students add additional majors and minors and finish within four years, Cedar Crest will not be able to provide four year guarantee in those cases.

## Conditions

By signing below, $\qquad$ is enrolled in the 4YG program for the Early Childhood Education major under the 2017-2018 catalog requirements and agrees to:

- assume ultimate responsibility for monitoring academic progress and the completion of all academic requirements;
- enroll at Cedar Crest for four continuous academic years;
- remain in good academic standing;
- complete an average of 30 new credits in each academic year. Courses must be selected in consultation with her academic advisor and 4YG coordinator and must apply to the recommended course sequence on page 2;
- maintain the GPA requirements of the Early Childhood Education major and Liberal Arts Curriculum;
- meet regularly with her assigned academic advisor and 4YG coordinator following the schedule outlined below;
- resolve all outstanding holds that would prevent registration prior to the start of registration for each semester;
- register for classes each semester on the date appropriate for class standing as set forth by the Registrar;
- be responsive to communication from Cedar Crest College, including advisors and the 4YG coordinator;
- officially declare an Early Childhood Education major by the completion of 48 credits. If a change of major is requested after 48 credits, the ability to sign a new $4 Y G$ contract is not guaranteed.
- complete the following and all other Early Childhood Education major requirements:
o Earn acceptance into the Early Childhood Education major, which includes earning a cumulative GPA of 3.0 and successfully meeting the PDE basic skills testing requirement: Pre-Service Academic Performance Assessment (PAPA) tests in Reading, Writing, and Math, or ETS CORE assessments in reading, Writing, and Math, or SAT score above 1500.
o Meet all Pennsylvania Department of Education Chapter 354 Requirements.
o Take six credits of college course work in mathematics; three credits in English composition; and three credits in American or British literature and earn a grade of $C$ or higher in these courses.
0 Earn a grade of C - or higher in all education courses.
o Abide by all other Education department policies and successfully meet all other graduation requirements.
The 4YG does not guarantee that courses will be offered at a particular time or on particular days, nor can it assure graduation in four years if accreditation agencies require immediate curricular changes. This agreement pertains only to the catalog specified; if major requirements change and the student elects to follow the newer requirements, this contract is void.

If a student meets all of the degree/program requirements but cannot graduate in four years because a course or courses are not available, the student will meet with her advisor during the final registration period to discuss options for completion. These options could include a course substitution, an independent study, or permission to enroll in the course in a subsequent semester at no tuition cost to the student.
