

## 10. Bookstore Accounts:

Only students carrying a tentative credit on their student account will have an account opened automatically at the College's bookstore one week prior to the start of classes. The bookstore account will remain open until all financial aid is disbursed to the College and refunds are processed. Students can charge books to their bookstore account by using their student ID card at the Cedar Crest College Bookstore.

## 11. Refund Checks and eRefunds:

Refunds will automatically be issued to students once all financial aid is disbursed to the College. Current College policy allows only for refund checks to be mailed to the current billing address on file — students may not pick up refund checks. Refunds are issued within 14 days of the date the funds are received by the College and credit balance created.

To enroll in eRefunds, log on to my.cedarcrest.edu and navigate to Student Financial Services under quick links. Then click on Cashnet Online System, Go to Cashnet.

For some loan programs, principal and interest may be deferred while the student is enrolled in school at least half-time. Fees and interest rates for these

If the borrower is not credit-worthy, a co-borrower may be needed to qualify. The maximum amount that may be borrowed is the school's cost of attendance minus any other financial aid.
