

Cedar Crest College's Four-Year Graduation (4YG) Guarantee is open to all academically qualified candidates enrolled full-time in a 4-year bachelor's degree program, with the exception of Nuclear Medicine Technology. It does not apply to dual degree, fifth-year, or graduate programs. Provided students comply with all of the conditions of the program, Cedar Crest College will guarantee graduation within four years. The guarantee extends to one major only. While many students add additional majors and minors and finish within four years, Cedar Crest will not be able to provide four year guarantee in those cases.

Conditions

By signing below, I, _____ am enrolling in the 4YG program for the Nutrition major under the 2018-2019 catalog requirements and I agree to:

- assume ultimate responsibility for monitoring my academic progress and the completion of all academic requirements;
- enroll at Cedar Crest for four continuous academic years;
- remain in good academic standing;
- complete an average of 30 new credits in each academic year. *Note: Courses must be selected in consultation with your academic advisor and 4YG coordinator and must apply to the recommended course sequence on page 2;*
- maintain the GPA requirements of the Nutrition major and Liberal Arts Curriculum;
- meet regularly with my assigned academic advisor and 4YG coordinator following the schedule outlined below;
- resolve all outstanding holds that would prevent registration prior to the start of registration for each semester;
- register for classes each semester on the date appropriate for class standing as set forth by the Registrar;
- be responsive to communication from Cedar Crest College, including advisors and the 4YG coordinator;
- officially declare a Nutrition major at the midterm of the sophomore year. *Note: If a change of major is requested after midterm of the sophomore year, the ability to sign a new 4YG contract is not guaranteed.*
- complete the following and all other Nutrition major requirements:
 - You must complete the following courses with a grade of C or better: CHE 111, CHE 112, MAT 110, CHE 203, BIO 117, SOC 100, PSY 100, & a grade of B- or better NTR 120. Students must receive a midterm grade of C or better in: BIO 118, BIO 127, CHEM 217 and a grade of B- or better in NTR 210. (For those not pursuing a verification statement, a grade of C or better is accepted for all NTR courses)
 - You must earn a grade of B- or better in all DPD NTR courses (For those not pursuing a Verification statement, a grade of C or better is accepted)
 - Maintain a minimum 3.0 cumulative and DPD GPA for the verification statement track (a cumulative GPA of 2.5 is accepted for the non-verification statement track).
 - Receive clearances on all Child abuse, Criminal Background, Report of Health Evaluation and Medical History, Immunization and Titters, Proof of Health Insurance, Professional Liability Insurance, and Drug/Alcohol Screen. Clearances are mandatory and must be completed before August 15 prior to the start of the Senior Fall Semester (NTR 327 & NTR 330). (For those not pursuing a verification statement, field experiences are optional)
 - Abide by all other departmental policies and successfully meet all other graduation requirements.

The 4YG does not guarantee that courses will be offered at a particular time or on particular days, nor can it assure graduation in four years if accreditation agencies require immediate curricular changes. This agreement pertains only to the catalog specified; if major requirements change and the student elects to follow the newer requirements, this contract is void. Students wishing to complete the NTR DPD program and earn a verification statement must successfully complete all required courses that fulfill the Standards mandated by the Accreditation Council for Education in Nutrition and Dietetics (ACEND). These standards and course requirements are subject to change. Students considering entrance to the profession of dietetics as a registered dietitian nutritionist, must meet regularly with the program director to aware of any changes to these requirements. If a student meets all of the degree/program requirements but cannot graduate in four years because a course or courses are not available, the student will meet with her advisor as soon as the problem is discovered to discuss options for completion. These options could include a course substitution, an independent study, or permission to enroll in the course in a subsequent semester at no tuition cost to the student.
