Enhanced Smarthinking makes online tutoring easier

Smarthinking gives students anytime, anywhere access to academic help from experts in over 150 subject areas. We extend your resources with just-in-time online tutoring, helping students arrive prepared, succeed in class, and work towards career goals. Now with even more user-friendly features, Smarthinking helps students easily stay on track.

The screenshot shows the Smarthinking dashboard with the following features highlighted by callouts:

- 1** Personalized message from the institution.
- 2** Available Time widget showing 240 minutes and 2 essays.
- 3** Text Message Alerts toggle.
- 4** My Archives table listing past sessions.
- 5** Site Tour and how-to videos.

| Date | Title | Type | Status | Subject | Tutor |
|---------------------|------------|---------|-----------|----------------------|-------|
| 07/15/2020 10:02 PM | Am a title | Writing | Submitted | Paragraph Submission | NA |
| 07/15/2020 09:58 PM | Am a title | Writing | Submitted | Paragraph Submission | NA |

New, easy-to-use dashboard allows students quick navigation for scheduling tutors, submitting writing, accessing sessions, using study tools, or getting support from the helpdesk.

- 1 Personalize messages** from your institution to engage students
- 2 Increased transparency of tutoring time available**
- 3 Optional text alerts** so students never miss a session and are quickly notified for submission retrieval.
- 4 Easily find archived sessions** so students can review all they have learned
- 5 Improved access to communication and training tools** with updated "how-to" videos and site tours
