
RESEARCH TOOLS

Explore various AI tools available for education

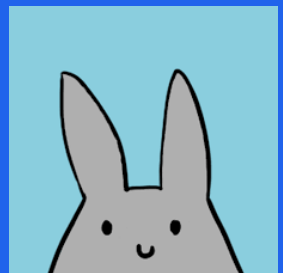

KNOWT

Generates flashcards and quizzes from uploaded materials or audio, and includes an AI study buddy that answers content-specific questions.

STUDY BUNNY

Tracks study time with timer, flashcards, quizzes, a bunny avatar, challenges, virtual friends, and honesty mode for accountability.

THEA STUDY

Upload files or videos to create note cards, study guides, and quizzes with customizable question types and an optional timer to simulate a test environment.

UNSTUCK AI

Summarizes uploaded material with brief overviews, includes a chatbot for questions, transcribes and translates audio, and shows the source location of each summary point.

VIRTUAL COTTAGE

Focus tool with a cozy virtual room, customizable ambient sounds, timer, and task management.

COGGLE IT

Create mind maps, flowcharts, and visual study tools, upload images, collaborate with classmates, and use it for brainstorming or organizing content.
