If you are a student who receives Alternate Format Textbooks as an accommodation, click on the name of the textbook to get the specific information about the book that can be used to complete the Alternate Format Textbook Request form. It is easiest to do this while you have both the bookstore site and the request form open at the same time. You can copy and paste the ISBN number from this screen to the request, just click and drag your mouse or finger over the number to highlight it, copy it and paste it into the form (see “Making Alternate Format Textbook Requests” at My Cedar Crest, Current Students, Academic Services, Disability Resources page. It is under the “Guidelines and Forms” heading with the subheading “Instructions/Process.”).
